PURPOSE

Prouille has a special responsibility for the pastoral care of students at Prouille and for ensuring the right of teachers to teach and students to learn in a safe and caring Christian environment.

As a Catholic school we seek to proclaim the Good News in words and actions, treat each person in a respectful manner and live with each other in the love of Christ. This Student Discipline Policy provides a framework in which students, staff and parents are aware of the expectations, responsibilities, consequences and support structures in place to ensure all members of the school community are treated with equality, respect and fairness.

POLICY FRAMEWORK

We believe that pastoral care is based on the vision of each individual growing into a fully human person in the image and likeness of God. We believe that pastoral care and discipline are interrelated. Discipline is leading, guiding, encouraging and instructing children within a framework of rights, rules, responsibilities, routines and consequences. We acknowledge the support of parents in providing a safe, secure and supportive environment for students at Prouille.

POLICY CONTENT

At Prouille we believe that student discipline must be congruent with the school’s Mission Statement. The Student Discipline Policy at Prouille draws its expression and strength from the life of Jesus to show the values of love, compassion, reconciliation and justice.

At Prouille we believe that student discipline is intrinsically related to the Catholic worldview and the Christian vision of Pastoral Care as expressed in the Pastoral Care Policy for Diocesan Systemic Schools:

Pastoral Care...

...has as its focus the life of Jesus Christ.

I have come that you may have life and have it to the full. 
(John 10:10)

The Catholic worldview perceives Jesus as God’s Son, who saved us through his life, death and resurrection, and through whom we enter into the life of God.

Pastoral Care in the Church and hence in a Catholic school draws its expression and strength from the life of Jesus Christ. In Jesus we see God’s paramount expression of love, compassion, reconciliation and justice. In Jesus we experience God as a caring shepherd who is faithful to the flock, who knows them intimately, who frees and saves.

Jesus demonstrates by his own life what we have been created to be — fully human, fully alive and able to participate in the life and love of God. It is this vision of human life which the Catholic school communities of the Diocese of Broken Bay seek to embrace and emulate in their approaches to pastoral care.

... is concerned with the dignity and integral growth of the person.

God created humankind in God's image. 
(Genesis 1:27)
The Catholic worldview perceives each human being as a unique person created in the image of God, having an inalienable dignity that is always to be respected.

We are made in God's image and at the core of all the Church's pastoral action is a deep respect for the innate dignity and uniqueness of individual persons.

As an agent in the mission and ministry of the Church, the Catholic school aims to offer to all a vision and experience of learning that is an exercise of love (cf, The Catholic School on the Threshold of the Third Millennium, n15). In a community that provides a strong sense of wellbeing, belonging and security, students are given every opportunity to be affirmed in their dignity and worth, confirmed in their personhood, and assisted to grow to the fullness of their potential. Likewise, the dignity of parents and their noble place as prime educators of their children is respected and affirmed.

... is a responsibility entrusted to all members of the faith community.

All members may be concerned for one another. If one member suffers, all members suffer; if one member is honoured, all members share this joy. You then are the body of Christ. (1 Corinthians 12:25-27)

The Catholic worldview perceives an imperative to proclaim to others the love we receive from Jesus, by loving them as Jesus loves us.

In the Catholic school community responsibility is entrusted to all members — students, parents, staff, clergy, administrators — to contribute to one another's growth and journey towards wholeness.

It endeavours to provide to all the experience of high quality interpersonal relationships of care and support. Thus each member is both a provider and recipient of Pastoral Care.

... is a force for healing, reconciliation and liberation.

I shall look for the lost one, bring back the stray, bandage the wounded and make the weak strong. I shall be a true shepherd to them. (Ezekiel 34:16)

The Catholic worldview perceives the action of the Spirit in the world, inviting and empowering all people to respond to the divine love.

The Scriptures present God's work of redemption fully realised in Jesus, and it is in and through Jesus that we learn to be a welcoming, forgiving and reconciling people.

A Catholic school community immersed in the Gospel of Jesus and filled with his Spirit is committed to the values of compassion, tolerance, forgiveness and reconciliation. Pastoral Care supports and provides a context for the growth and expression of these values in all aspects of the school's life.

... is an expression of and commitment to justice.
He has sent me to bring good news to the poor, to proclaim liberty to captives and to the blind new sight, and set the downtrodden free.

(Luke 4: 18)

The Catholic worldview perceives an obligation to work to create social conditions in which the unique dignity of each person is respected and all human rights protected.

The pursuit of justice for individuals and communities has long been a core focus of the mission and ministry of the Church. Pastoral Care in our Catholic schools endeavours to uphold and sustain policies and practices that foster the values of mutual respect, responsibility and service within the community. A commitment to democratic processes, co-operation and concern for the common good are principles that students are progressively encouraged to emulate in their relationships with others.

A school community needs to respond with increasing sensitivity to the social and cultural diversity of its members. It is in and through Pastoral Care that much can be done to promote respect and to support such things as diverse family structures, different ways of giving expression to Christian faith, and awareness of cross-cultural issues. School policies and practices must be respectful of the dignity, rights and fundamental freedoms of individual students and must provide learning opportunities for individual students which are responsive to their unique needs for growth and fulfillment.

As the Lighthouse sheds light on the darkened ocean, so does the light of Christ shed light on the heart and minds of people. From the witness of Catholic educators emanates the light of the gospel message, faith, community and Christian service.

If students choose not to abide by a rule, there will be a consequence. Positive consequences follow positive behaviour and negative consequences follow negative behaviour. The consequences will be fair, known in advance, logical and related to the action. The logical consequences lead to the child developing self discipline by taking responsibility for his/ her own actions.

   * Rectify the situation
   * Take time out

2. If there is a recurrence of inappropriate behaviour, the child's teacher will be asked to personally speak to the child about their behaviour and inform them that a record of the incident will be passed onto the Assistant Principal. An appropriate consequence could follow.

   6) There will be continued monitoring and intervention if appropriate
Prouille’s graduated processes and consequences for dealing with breaches of the school’s behaviour code

Consequences are what happen as a result of behaviour. Consequences can be positive or negative depending on the type of behaviour. Consequences should be fair, predictable and certain to happen. They should be related to the rule that has been broken.

Major Sanctions are last resort actions which only occur with due process in the event of serious breaches of the school’s behaviour code. All major sanctions are options that can be undertaken after Step 6 in any order deemed appropriate for the situation.
